New Mid-week Hebrew One-on-one Sessions

In order to further advance our students' Hebrew learning, we are exploring an optional opportunity for students in 3rd to 7th Grade to spend time each week with a teacher one-on-one or in a small group of up to four students via phone or internet platforms. This will allow them to practice and review the Hebrew they are learning on Sundays, and to assist with that week's homework.

Students will be paired with their classroom teacher and classmates to the extent possible, and will receive 20–25 sessions over the course of the school year. There will be an additional fee for this program. Fees for 7th Grade students will be pro-rated based on the starting date of B'nai Mitzvah Tutoring.

Please check the box below to receive more information on this program once the details are finalized. Checking the box is not a commitment to enroll your child in the program.

- I would like to learn more about this optional program for my 3rd–7th Grade student(s).
- I would be more interested in one-on-one sessions for my child (note: this will be a more expensive option)
 - I would be more interested in small group sessions for my child (up to four students)
